ANTONINO JUNIOR

SOFTWARE ENGINEER

Florianópolis, SC, Brazil • +55 (48) 9 9994-4587 • antonino.praxedes@gmail.com

Portfolio | LinkedIn

SUMMARY

Software Engineer **with over 6 years of experience** in Full Stack development, focusing on architecting and building high-availability systems using Java (Spring Boot, Jakarta EE, Hibernate), Angular, Node.js/Express, and React/Next.js. Proven experience in relational database modeling and optimization (PostgreSQL, MySQL), automation with Python/Selenium and RPA, and AWS infrastructure (EC2, Lambda, Amplify, Amazon SES, S3, RDS). Track record of high-impact deliveries: a proprietary checkout system that processed over R$ 22.5 million (approximately $4.2M USD), a platform connecting over 15,000 beauty salons, and a management ecosystem for more than 28,000 clients. Experienced in technical leadership, mentoring developers, and agile methodologies (Scrum, Kanban).

SKILLS

Languages: Java, JavaScript, TypeScript, Python, Dart, Go (GoLang), SQL
Backend: Spring Boot, Jakarta EE / Java EE, Hibernate/JPA, Node.js (Nest.js & Express.js), REST APIs, Web Services, SOAP
Frontend: Angular, JSP, JSF, Primefaces, ReactJS, Next.js, Flutter Web
Mobile: Flutter/Dart, Ionic, React Native e Kotlin
Databases/Cache: PostgreSQL, MySQL, Redis
Cloud & DevOps: AWS (ECS, Lambda, Amplify, SES, S3 RDS), OCI, Nginx, Docker, Komodo, Terraform, CI/CD (GitHub Actions, GitLab, Versel), Observability (OpenTelemetry, Prometheus, Grafana)
Integration & Messaging: RabbitMQ, BullMQ, Websocket, Swagger/Open API
Automation / RPA: UiPath (Orchestrator), Python/Selenium, Pandas
Testing & Practices: Jest, Vitest, React Testing Library, TDD, Agile/Scrum, Kanban, Technical Leadership, Microservices, Event-Driven Architecture
AI & Data: RAG (Retrieval-Augmented Generation), Vector Databases (Qdrant, pgvector, Weaviate, FAISS), LLM Integration (Codex, Claude Code, Gemini CLI), Embeddings, Document Chunking, Semantic Search, Prompt Engineering

PROFESSIONAL EXPERIENCE

Senior Software Engineer — July 2025 – Presen

Gloss Express | Florianópolis, SC - Brazil

- **Architected** scalable Full Stack solutions (**Node.js, PostgreSQL, Next.js/React**) for the beauty industry.
- Co-developed the *Mapa de Salões* platform (https://www.mapadesaloes.com.br), connecting over 15,000 professionals globally. Featured interview (PT-BR): https://www.youtube.com/watch?v=4Yn7mH7Zv6I.
- Implemented a resilient geolocation infrastructure on AWS EC2 to ensure service continuity.
- Built a high-conversion proprietary checkout system, processing over **$4.2M** (R$ 22,5M)with strict transactional security.
- **Collaborated** with the team to develop a comprehensive management system (CRM, billing, Role-Based Access Control - RBAC) supporting a database of 28,000+ clients.
- Automated ETL routines and data pipelines using Python.

Mid-Level Java Full Stack Developer — February 2025 – July 2025

SCC4 | Florianópolis, SC - Brazil

- Architected RESTful APIs (Java Spring Boot, Hibernate, MySQL) for the Portal Postal logistics ecosystem.
- Integrated the Correios Coletas API into a Java/Angular platform.
- Maintained and **published** the **Flutter applications** 'Portal Postal Coletas' e 'Portal Postal App', achieving over 5k downloads on the Play Store.
- **Maintained legacy systems** (JSP, Java Swing, Java 8) and generated reports using JasperReports.

Mid-Level Java Backend Developer — November 2024 – February 2025

ToolsData | Florianópolis, SC - Brazil *(remote)*

- Developed RESTful APIs using Java 17+, Jakarta EE, and Hibernate, featuring advanced integrations via RabbitMQ and Redis.
- Built endpoints for a credit engine designed for automated decision-making, integrating multiple external APIs.
- Ensured code quality and standardization through automated testing with JUnit and documentation via OpenAPI.

RPA Projects and Implementations Manager — January 2024 – September 2024

Sonda | Boa Vista, RR - Brazil

- **Won 1st place in the 2023 Innovation Award** at the **Court of Justice of Roraima (TJRR)** with the AutomaJus project, leveraging RPA technologies. Article available at: https://npi.tjrr.jus.br/index.php/premio-inovacao/2023-2-edicao
- Led software development and RPA automation teams, facilitating alignment between technical engineering groups and stakeholders to ensure on-time delivery.
- Taught the Introduction to Programming Course at the Court of Justice of Roraima (TJRR), mentoring non-technical staff.

Java Full Stack Developer — **March 2020 – December 2023**
Sonda | Boa Vista, RR - Brazil

- Architected and developed RESTful APIs using Java (MVC, JSE, JPA, Hibernate), PostgreSQL, and Maven, integrated with Node.js/Express and UiPath Orchestrator for process automation.
- Contributed as a core member of the RPA automation team that positively impacted over 400 Venezuelan migrant families in Roraima, receiving international recognition and presenting the project in Lisbon (2023).
- Utilized agile methodologies (Scrum, Kanban) with the team, managing workflow and delivery pipelines via Monday.com.

Flutter Developer — **October 2020 – April 2022**
Brain Xcode | Curitiba - PR **(Freelancer)** - Brazil *(remote)*

- Developed applications using Flutter and Dart, applying Clean Architecture, SOLID principles, and automated testing (Mockito, MobX, Bloc/Cubit) within a remote, collaborative team environment.

IT Support Analyst — **December 2018 – March 2020**
Sonda | Boa Vista, RR - Brazil

- Provided advanced technical support across hardware, software, networks, and enterprise systems, including network administration and both remote and on-site assistance.

Systems Analyst — **November 2017 – February 2018**
City Hall of Boa Vista | Boa Vista, RR - Brazil

- Spearheaded the deployment of the Hospital Management System and managed database administration, crafting queries to extract reporting data and key statistical metrics.

EDUCATION

Postgraduate Degree (Lato Sensu) – Mobile App Development — **January 2020 – June 2020**
Brazilian Institute of Education (IBF Pós) | Boa Vista, RR - Brazil

Associate Degree – Systems Analysis and Development — **March 2013 – September 2016**
Federal Institute of Roraima (IFRR) | Boa Vista, RR - Brazil
